Introduction

We are happy to launch the 18th year of existence. The past years have enriched us with wide range of experience and expertise. Blossom identified the existing and emerging needs of the local people and responded to them in its own way.

Blossom supports communities by using rapport building strategies with community based organizations and stakeholders in society. Blossom's success is due to the dedication of its staff, responding effectively to the community's needs. Many institutions and individuals contributed to the development of Blossom. It is time to recall all of them and thank them for their co-operation, involvement, guidance and support.

My sincere acknowledgement to all corporate and individual donors for caring the activities of Blossom throughout the year. I also extend my thanks to the Central and State Government Departments, Panchayat Presidents, NGOs, CBOs, Networks, Banks and all other stakeholders in fulfilling our commitments

While I am extremely happy that we have reached our targets for the year 2010-11, there are areas which we need to focus on more and I look forward to your everlasting support in upcoming years to come to fulfill our dreams.

Director & Managing Trustee: T.Mercy Annapoorani

Vision

“Blossoming of Power in every individual” to reinforce Community Development.

Mission

“To facilitate a process where marginalized groups can become self sufficient in improving their health, environmental, economic and social needs. To achieve this by working in partnership with other development actors in the spirit of Art, Culture and Human Development”.

Project Sites

Blossom implements its projects in all the blocks of the Virudhunagar, Madurai and Kancheepuram district

Report of activities 2010-11

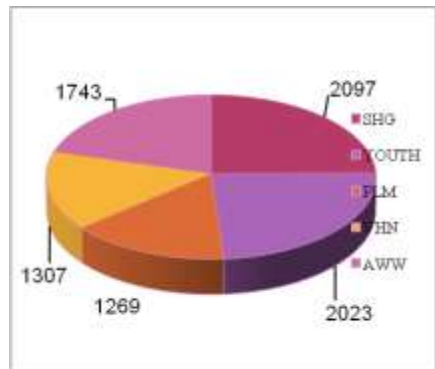

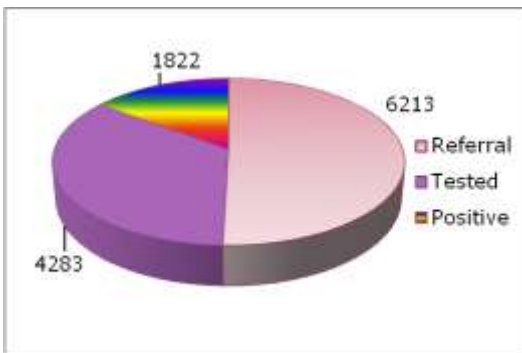

Campaign for Education, Prevention & Treatment for TB (CEPT)

Blossom implements the CEPT (TB) project in all 11 blocks of Virudhunagar District.

Bench Mark Survey

As per the project plan, the Bench mark survey was conducted in the month of April 2010, in both the existing and new areas of CEPT. It helped us to formulate the plans and strategy for future implementation.

TB Symptomatic persons Referral and Tested Awareness Meeting Held

**Educlowns
Campaigns in the
target villages
& Mobile Exhibition
and Booth Display.**

Eleven Edu-Clowns Campaigns were enacted. The integration of Edu-clowns theatre drama, Mobile Booth and Exhibition enhanced the effectiveness of the overall Campaign. This proved to be helpful to the government health workers also.

Live Telecast Cable TV

A total number of nine live telecast programmes were arranged during this period. More than 1, 07,800 people have been reached out and benefited. 351 phone calls were received during the programme and around 270 calls were followed up.

Observation of World TB day

BLOSSOM CEPT project observed World TB Day on 24.03.2011.

I have been well taken care of, and inspired by this organization of women. Today they exceeded my expectations, spreading awareness of the prevalence of TB, how to prevent the disease, where to seek medical

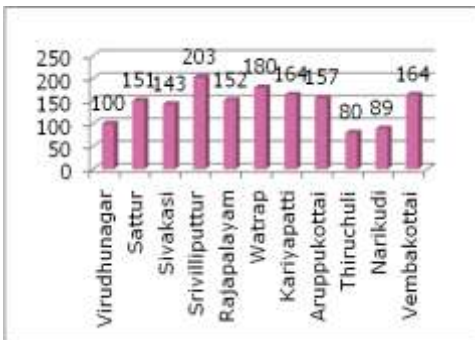

treatment, and how to cure TB once it's contracted. The community's response was also enthusiastic and all representatives at Blossom felt they gave their best efforts in executing "World TB Day 2011". The Volunteer from America who witnessed the programme.

Awareness Meetings for different stake holders

During this one year period, 674 meetings were conducted to sensitize different kinds of stakeholders, a total of 16,115 persons were sensitized on TB/DOTS messages, jointly with the local TB officials and workers at the rural and urban areas. As a result of the awareness meetings there is an increase in the number of identification of TB positive persons, DOTS providers, unpaid volunteers and better services from the Government hospitals and Primary Health centers.

New TB Patients Identified

Cured TB Patients

World TB Day Function

TB Review Meeting

Achievements

1.IEC (Information, Education, Communication) through temple priest

Our aim is to transmit key information on TB, so that people with symptoms get a diagnosis and start the treatment as soon as possible. It is essential that the information reaches even the most remote area. The information is transmitted through a cover that enumerates TB's symptoms, different methods of treatment available and the place to get the appropriate treatment. The covers are distributed in temples, a strategic place to raise awareness.

2.Rainbow TB Association

The Rainbow TB Association was launched in the year 2009 in Virudhunagar District, with a view to allow the members of the

Association to express their feelings freely and to exercise their rights during the treatment. Each block in Virudhunagar District has created a local TB Association and holds monthly meetings to generate awareness. Totally 11 local TB Associations have been formed.

Objectives:

- ❖ To carry out activities to ensure the rights & dignity of the patients.
- ❖ To educate the Health Service Providers to ensure justice, rights and dignified treatment behavior to the people with illness.
- ❖ To create awareness on various government schemes, provisions, facilities available for patients.
- ❖ To organize debates on policies and programs of the government on health in general and for the patients in particular.
- ❖ To supplement and complement government initiatives to enforce patient friendly law policy and programs.
- ❖ To open and manage “Patients problems redressed forum” at various levels and help them to redress their grievances in an appropriate manner.
- ❖ To take up right- based advocacy to ensure the rights of the patient.
- ❖ To make sure, special health services are provided for special needy groups.

3. Distribution of Vehicles to project staff members

In order to ensure the TB patients receive timely services from Blossom Outreach Workers, one project coordinator and eleven community organizers have been provided with two wheelers like TVS XL Super Heavy Duty. All women community organizers will be benefited as they will be able to reach every place/village/rural area so that every TB patient can be taken care of. A total of 12 staff members use the two wheeler

-----S

Prevention of Parent to Child Transmission of HIV

Introduction

The PPTCT (Prevention of Parent to Child Transmission of HIV/AIDS Project) Project provides support to HIV-positive pregnant women in preventing the transmission of HIV/AIDS to their unborn child. We work in six blocks of Virudhunagar District.

Prevention

BLOSSOM provides prevention and care for reproductive women and their families. The PPTCT contains the following methods:s

- 1.Primary prevention
- 2.Family planning
- 3.Voluntary counseling
- 4.Confidential testing
- 5.ART prophylaxis
- 6.Counselling for breast feeding

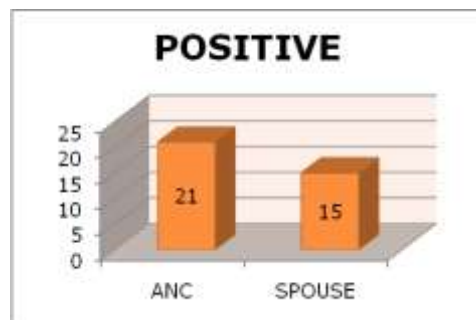

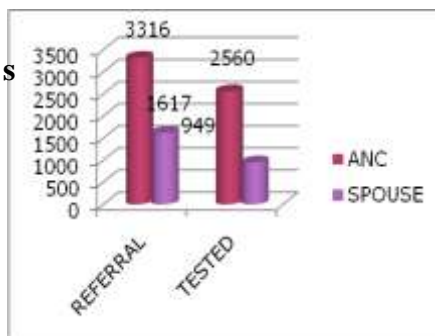

Awareness programmes:

Awareness meetings were conducted to HIV/AIDS and TB patients.

FAMILY COUNSELLING CENTRE

The FCC (Family Counseling Centre) project was initiated in 1999 to protect the interest and rights of women and children. BLOSSOM offers psychological, social, moral, education & supports to the family members. The FCC project is aided by the Central Social Welfare Board, New Delhi.

Activities:

- ❖ Provided Pre marital and marital counselling for needy people
- ❖ Conducted counselling awareness programme for schools and college students.
- ❖ Conducted the training on Peer Counselling for Adolescents.
- ❖ Conducted one day training on Counselling Skills and Approaches for Women Police Personnel's.

Women Advisory Centre

The Women Advisory centre coordinates its work with the Collectorate in Virudhunagar. The committee consists of a Solicitor, Inspector of Police, District Social Welfare Officer, Counsellor and a BLOSSOM FCC counsellor.

MAHALIR THITTAM

Blossom has been working on “Mahalir Thittam” Project, with Tamilnadu Women Development Corporation Ltd, Chennai, since 2000. The aim of the project is to empower rural women in becoming financially independent by starting their own income generating activities. Through this programme, Blossom supports the creation of self help groups (SHGs) and helps them to establish credit linkages with banks. SHGs are comprised of approx. 15 women. In 2010-11, 53 new SHGs were formed, reaching a total of 1026 SHG's.

Blossom also provides these SHGs with a variety of skill trainings such as Embroidery & Tailoring, Computer training, Artificial flowers and bouquet making, Vermicompost, Catering etc....Mahalir Thittam activities for the year 2010-11 include

- ❖ Entertainment and Representative Training to SHGs leaders.
- ❖ Coordinate meetings between different SHGs.
- ❖ Lobbying and Advocacy activities by SHGs including rally.
- ❖ Establish linkages between Banks and SHGs.

The following table summarizes “Mahalir Thittam’s” main achievements under Blossom:

Activities	2010-11	Cumulative for 10 years
Number of SHGs newly formed 2010-11	53	1026
Number of PLF newly formed	10	45
Total Revolving fund/ Economical Assistance received	1.25 crores	4.25 crores
Number of SHGs linked with banks	55	773
Total number of new women beneficiaries	1028	14648
Total Loan Disbursement to new SHGs (in Rs.)	60 lakhs	5.35 crores

Total Internal Lending	2.75 lakhs	8.12 lakhs
Cumulative Savings of SHGs (in Rs)	15.4 lakhs.	5.90 crores
Total credit Amount received from Banks	1.5 crores	6.3 crores
Repayment rate of new SHGs	99%	99%

BUDS NETWORK

Due to discrimination and lack of support that children living with HIV/AIDS often experience, they often are unable to achieve a full and beneficial education experience. Blossom has therefore carried on with the work they established in 2007 with the aid of PWDS Alliance Care and Support by continuing to run 11 educational centers in 11 villages throughout the Virudhunagar district.

The children are welcomed in to these educational clubs in the afternoons after their school hours where they continue their education as well as have the opportunity to interact with their peers in a fun, learning environment. Each of these centers provide instruction and guidance for between 20-25 children who would otherwise not receive this attention and care. Children can work on their school work with the help of facilitators, play educational games with the other children and receive nutritional refreshments. Another feature of these programs is that children have the opportunity to learn the value of saving money as they can bring Rs.1/day to the facilitator which will then be saved by the facilitator to buy things the children all need such as books and other educational materials. These centers offer an excellent opportunity for children to increase their self-esteem and confidence as they get support from their facilitator and each other.

POOMALAI WOMEN'S COLLECTIVE

(A CBO of Blossom)

All the self help groups (SHGs) initiated and started by Blossom, come under the common fold of Poomalai and is actively involved in the economic development of women. Blossom is supporting the SHGs for problem solving as well as establishing new ones.

Poomalai deals with banks, resource mobilization, share capital mobilization and credit involvement and all other matters to finance. Around 150 groups have registered as members.

ROSE

The aim is to provide Poomalai with economic development. It provides the Rural opportunity for social upliftment for women: (A CBO of Blossom for social entrepreneurship). It holds a group of SHGs under their fold, Rose marketing was started with two major divisions:

Rose- Fair Trading division:

It can be used as a link between rural producers and buyers from abroad.

Rose Rural Marketing Division:

It can be used as a tool to market quality home needs which can be sold at a fair price to consumers

CRECHE

A crèche is in operation in Pandian Nagar, a suburb of Virudhunagar. Children between the age of 2 and 4 can be enrolled in the crèche. It is operated by a trained teacher and an assistant. Parent teacher meetings are conducted on a monthly basis. Working women can make use of it. A free lunch is offered and monthly medical checkup for every child is organized. The project is supported by Tamil Nadu Welfare Board in Chennai.

POULTRY FARM

A poultry farm was built at Dayspring Home in Chittur village. There are about 9 goats, 52 hens, 9 cows and 8 calves in the poultry farm to ensure the availability of milk and eggs to the HIV/Aids infected children. There are 200 trees in and around the poultry farm which includes coconut trees, Neem trees, Teak Trees etc. At present 500 new trees are planted.

GLOBAL GIVING

Blossom was able to upload project requests on “Global giving” website after undergoing a due diligence selection process. Donors who saw our request i.e. to provide nutrition to 1000 TB children in the State, gained momentum and small donation were raised during the year 2010 to 2011. A total number of 1000 TB children who are under DOTS treatment

were provided with nutritious supplement in Virudhunagar and Madurai district. Efforts are being made to cover other parts of the State as well as when the funds are raised. The Project reports are being updated in the website once in a month. Donations can be sent at any time. Please visit www.globalgiving.org to donate and learn more about the program

Global Giving Report:

BLOSSOM has now started providing nutrition such as Eggs, Milk, Greens, to TB infected children in Virudhunagar district, TamilNadu, South India. We have selected first 10 TB children. We have teamed up with the local milk man to supply 250 ml of milk everyday to each child, making sure the milk is directly consumed by the TB child beneficiary. The Blossom staff will pay the milkman through the DOTS Monitor. In the same way, the grocery shop in the local area will give "An Egg a Day" and the payment will be made by us. Separate cards are maintained to ensure uninterrupted supply of the nutrient to the children

The children and their family members, together with the DOTS Monitor and the Community Organizer feel so happy and proud to get these benefits. All the first 10 target TB Primary Complex children who are Xray / Mando Positive have started Category I DOTS Treatment, hence the Nutrition provided by various donors and agencies through Global giving, is apt and beneficial to the poor in need in the remote villages

DAY SPRING HOME

In 2003, it was decided by Blossom to build a shelter for the children infected by HIV/AIDS. There are about 25 children who make use of it. Free education, food is offered to the children. Apart from studies, a lot of cultural activities are organized. Christmas and Pongal are celebrated with full enthusiasm and spirit. It is located in Chittur Village, 11 km from Virudhunagar. Healthy food like milk and eggs are given to the children to develop their immune system. In addition schemes like support a child, a special meal etc are being supported by kind hearted people who give liberal donations for the above schemes.

Christmas Celebration

Pongal Celebration

ACTIVITIES OF BLOSSOM

TNVHA Resource centre for Virudhunagar district

Blossom is the District Resource center (DRC) of Tamil Nadu Voluntary Health Association. It coordinates the DFC's and facilitates the DCC committee of Virudhunagar District.

World Aids Day 2010:

On 1st December 2010 Blossom observed World Aids day. Information on HIV/AIDS, available treatment facilities, and the list of service providers were discussed during the programme.

Environmental activities:

To promote green farming, 1000 trees including Teak, Neem, Guava and Sappotta were planted at the Poultry Farm in Chittur near Virudhunagar. In addition, medicinal plants were also planted.

Staff development activities

- ❖ As a part of staff empowerment programme, three staff members Mrs J. Reeta Project co-ordinator, Miss M. Kokila, Mr. P.Balakrishnan and eleven community organizers participated in TB refresher training at Theni during June 2010
- ❖ The Director of Blossom Mrs. T.Mercy Annapoorni and Mrs. B.Packiam community Organizer attended the partner exchange visit to AKS, Dehra Dun to share exchange and learn the various strategies in TB related work during August 2010.
- ❖ The Director of Blossom Mrs T.Mercy Annapoorni and Mrs. J. Reeta Project coordinator attended a conference on “Promoting civil society engagement in TB control” at Bangalore from 13th to 15th September 2010.
- ❖ The Director of Blossom Mrs T.Mercy Annapoorni and Mrs. J. Reeta Project coordinator attended a Partner’s meet at Chennai to learn about national level TB schemes and the training provided by TB research centre during October 2011.
- ❖ The Director of Blossom Mrs T.Mercy Annapoorni attended the “Master TOT Training on Barriers in ACSM activities” at Mumbai organized by PAT.
- ❖ Mrs. J.Reeta, Project coordinator also participated in three days “International conference on Management Practices for sustainable growth” conducted by Department of Business Administration, Annamalai University, Chidambaram during December 2010.
- ❖ Apart from national trainings, The Director of Blossom participated in the World TB and Lung Disease conference in Berlin from 10th to 15th November 2011.
- ❖ A four day IT workshop conducted at Bangalore for NGOs from March 15 to 18, 2011 was attended by Mrs. J. Reeta Project Coordinator and Ms. M. Kokila. Three Community Organizers also participated in “Bad effects of Tobacco” conducted by Tirunelveli Medical College.

CONCLUSION

During the 2010-2011 year, Blossom has implemented a range of health, social and financial projects which have disseminated information and raised awareness on a variety of issues in the District of Virudhunagar and Madurai. Thanks to Blossom's commitment to its mission and vision. Blossom has been helping and supporting the most vulnerable and marginalized groups in society to improve their health and social conditions.

Blossom would like to express its sincere appreciation to the following organizations for their valuable contributions:

- 1.Target TB
- 2.PWDS –Alliance/ABBOTT
- 3.Tamil Nadu State AIDS Control Society, Chennai
- 4.Tamil Nadu Social Welfare Board, New Delhi
- 5.Tamil Nadu Women Development Corporation, Chennai
- 6.Tamil Nadu Voluntary Health Association ,Chennai
- 7.District Collectorate, Virudhunagar

8.RNTCP, Virudhunagar

9.Joint Director of Health and Medical Services

10.Individual Philanthropists and Overseas Volunteers

Blossom also offers its sincere thanks to all the dedicated staff and the partnerships associated with local administration for their dedication, contribution and support with ensured the sources of all its projects.

The aim of Blossom is to show solidarity with people abandoned by their own near and dear ones.....,To give them a new life....., And to see happiness blossom in every face around us....., Join us in this Joyful Journey.
